

# 25K Shoe Drive

Are you collecting with a group and you're ready to level up your shoe drive? This is the program for you! With the 25k drive program, together with your group you'll work closely with our team to collect shoes inside of your community, 25,000 to be exact, to help create opportunities for those in need while earning 2 free spots on one of our global experiences!

- Collect 25,000 pairs of gently worn shoes within one calendar year with your group
- We are here to help make this happen! We will assist in finding storage, marketing, the whole shebang. Once 25k pairs are collected, we'll send a semi truck to pick up the shoes!
- Once we verify the shoes, you'll be connected with our Travel team to schedule your 2 free spots on a global experience (must be taken within 1 year of earning; in country lodging, food, excursions, and security all included, excludes airfare)
