

Ten2Give

Are you collecting shoes and ready to level up your shoe drive? This is the program for you! With the Ten2Give program, you'll work closely with our team to collect shoes inside of your community, 10,000 to be exact, to help create opportunities for those in need globally, while earning a shoe event in your community to give back locally!

- Collect 10,000 pairs of gently worn shoes within one calendar year!
- We are here to help make this happen! We will assist in finding storage, marketing, the whole shebang. Once 10,000 pairs are collected, we'll send a truck to pick up the shoes!
- Once we verify the shoes, you'll be connected to our Outreach team to coordinate your local shoe event of up to 100 pairs of brand new shoes to a qualified 501c3 nonprofit organization in your community!

Give 4 A Purpose

When you commit to a Ten2Give shoe campaign you'll:

- Engage your community to give back in a big way
- Explore your own purpose and values
- Give back to those in need in low-income countries by creating sustainable jobs
- Serve those in need in your community
